

I'm concerned that K-LOVE, broadcasting by translator service at 100.1, might be displaced by LPFM.

K-LOVE is the ONLY station I can let my children listen to and be assured that they hear wholesome music and positive, encouraging messages 24/7.

If K-LOVE were displaced, there would be NO alternative station myself and many other parents would be comfortable letting our children listen to. All of us hear far too many negative and discouraging messages every day.

K-LOVE serves the public interest by providing an alternative to the commercial, for-profit broadcasting corporations which occupy far too much bandwidth on the airwaves. Because K-LOVE is listener-supported by people like ourselves, we have a say in what goes on the air. K-LOVE also broadcasts news about upcoming local events which is a free service for not-for-profit groups that provide them to the public; thus claims there is no value in national or regional services are entirely false.

Please do not let K-LOVE and other FM translator services be displaced by LPFM!
